

TABLE OF CONTENTS

CONSULTATION HISTORY	1
DESCRIPTION OF PROPOSED ACTION	4
Introduction	4
Scope of the Proposed Action	4
Actions	10
Flood control	10
Storage and Delivery of Entitlement Waters	11
Equalizing Lakes Powell and Mead	11
Interstate and international waters	14
Annual Operating Plan	17
Declaration of surplus	18
Fulfilling water orders	18
Water releases and power production	19
Water Deliveries to Mexico	26
Power Operation	26
Channel Maintenance and Levee System	27
Dredging	27
Yuma Desalting Plant	28
5-Mile Zone	28
Endangered Species Conservation Activities	28
Endangered bonytail chub and razorback sucker conservation	29
Native riparian plant restoration	30
Three-Finger Lake project	31
Lower Imperial Division wetland enhancement	31
Flat-tailed horned lizard conservation	31
Lower Colorado River Multi-Species Conservation program	33
STATUS OF THE SPECIES	38
Bonytail Chub	38
Listing History	38
Species Description	38
Life History	38
Population Dynamics	39
Rangewide Present Status	40
Razorback Sucker	40
Listing History	40
Species Description	40
Life History	41
Population Dynamics	42
Rangewide Present Status	42

BIOLOGICAL OPINION

Table of Contents

Critical Habitat - Bonytail Chub and Razorback Sucker	43
Species' General Response to Proposed Action - Bonytail Chub and Razorback Sucker	45
Southwestern Willow Flycatcher	47
Listing History	47
Species Description	47
Life History	48
Habitat Use	50
Nest Placement and Nesting Substrate	52
Territory Size	55
Distribution and Abundance	58
California	59
Arizona	62
New Mexico	62
Texas	62
Colorado	63
Utah	63
Nevada	63
Rangewide Present Status	64
Effects to Species' Status from Past Consultations	64
Yuma Clapper Rail	67
Listing History	67
Species Description	67
Distribution and Abundance	67
Habitat Use	68
Life History	69
Population Estimates	70
Rangewide Present Status	70
Flat-tailed Horned Lizard	72
Listing History	72
Species Description	72
Life History	72
ENVIRONMENTAL BASELINE	73
Bonytail Chub and Razorback Sucker	74
Historic Habitat Conditions on the Colorado River	74
Upper portion of the project area	74
Lower portion of the project area	78
Native aquatic species	81
Human Uses of the Colorado River	83
Early uses: pre-1823	83
Initial development: 1823	84
Dam construction: 1909-1954	88
Channel modification: 1954-1996	93

BIOLOGICAL OPINION

Table of Contents

Other activities: 1823-1996	99
Status of the Species Within the Action Area	100
Bonytail Chub	100
Razorback Sucker	101
Critical Habitat of Bonytail Chub and Razorback Sucker	101
Southwestern Willow Flycatcher	101
Status of the Species Within the Action Area	104
Yuma Clapper Rail	106
Status of the Species Within the Action Area	107
Flat-tailed Horned Lizard	109
Project Location and General Vegetation Communities	109
Threats to Flat-tailed Horned Lizards and Their Habitat Specific to the Action Area	109
Status of the Proposed Species Within the Action Area	110
Additional Socioeconomic and Related Factors Affecting the Environmental Baseline	13
Human Population Impacting the Action Area	116
Economic Development Impacting the Action Area	116
Visitation/recreation Impacting the Action Area	117
Environmental Contaminants Impacting the Action Area	118
Wildfire Frequency in the Action Area	118
Previous and Ongoing Section 7 Consultations	119
Lower Colorado River Mainstem	119
Other Baseline Projects	123
Central Arizona Project Havasu Diversion	123
Southern Nevada Water System	124
Salton Sea and the Endangered Desert Pupfish	124
Operation of Glen Canyon Dam	125
Spring 1996 Beach/Habitat-Building Flow, Glen Canyon Dam	125
Fish and Wildlife Service Intra-Service Formal Consultation on Division of Federal Aid Transfer of Funds to Arizona Game and Fish Department for Stocking of Sportfish	126
Lake Havasu Fisheries Improvement Partnership Program Formal Consultation	126
Fish and Wildlife Service Intra-Service Formal Consultation on Division of Fisheries and Federal Assistance on Stocking of Rainbow Trout and Channel Catfish	126
EFFECTS OF THE ACTION	126
Bonytail Chub and Razorback Sucker	127
Effects of the Environmental Baseline	127
Effects of the Action	137
Cumulative Effects: Bonytail Chub and Razorback Sucker	139
Cumulative effects of human population growth	139
Cumulative effects of economic development	139

BIOLOGICAL OPINION

Table of Contents

Cumulative effects of future visitation/recreation	139
Cumulative effects of environmental contaminants	139
Cumulative effects of non-Federally supported stocking of non-native fish	140
Southwestern Willow Flycatcher	140
Cumulative Effects: Southwestern Willow Flycatcher	146
Cumulative effects of human population growth	146
Cumulative effects of economic development	146
Cumulative effects of future visitation/recreation	146
Cumulative effects of environmental contaminants	146
Cumulative effects of wildfires	147
Yuma Clapper Rail	147
Cumulative Effects: Yuma Clapper Rail	147
Cumulative effects of human population growth	147
Cumulative effects of economic development	148
Cumulative effects of future visitation/recreation	148
Cumulative effects of environmental contaminants	148
Cumulative effects of wildfires	148
Flat-tailed Horned Lizard	148
Mortality and Injury of Flat-tailed Horned Lizards During Operation, and Maintenance of the Roads and Ancillary Facilities	148
Cumulative Effects: Flat-tailed Horned Lizard	150
SUMMARY	150
Bonytail Chub and Razorback Sucker	150
Southwestern Willow Flycatcher	151
Yuma Clapper Rail	151
Flat-tailed Horned Lizard	151
CONCLUSION	152
Bonytail Chub and Razorback Sucker	152
Basis for the Analyses	152
Bonytail Chub	153
Razorback Sucker	153
Critical Habitat	154
Southwestern Willow Flycatcher	155
Yuma Clapper Rail	155
Flat-tailed Horned Lizard	156
REASONABLE AND PRUDENT ALTERNATIVE	156
Short-term Provisions	159
BONYTAIL CHUB AND RAZORBACK SUCKER	159
SOUTHWESTERN WILLOW FLYCATCHER	160

BIOLOGICAL OPINION

Table of Contents

Long-term Provisions	161
BONYTAIL CHUB AND RAZORBACK SUCKER	162
SOUTHWESTERN WILLOW FLYCATCHER	162
PROVISIONS THAT APPLY TO BONYTAIL CHUB, RAZORBACK SUCKER, AND SOUTHWESTERN WILLOW FLYCATCHER	163
INCIDENTAL TAKE STATEMENT	166
AMOUNT OR EXTENT OF TAKE	166
Bonytail Chub and Razorback Sucker	166
Southwestern Willow Flycatcher	168
Yuma Clapper Rail	168
Flat-tailed Horned Lizard	169
EFFECT OF THE TAKE	169
Bonytail Chub and Razorback Sucker	169
Southwestern Willow Flycatcher	169
Yuma Clapper Rail	169
Flat-tailed Horned Lizard	170
REASONABLE AND PRUDENT MEASURES	170
Bonytail Chub and Razorback Sucker	170
Southwestern Willow Flycatcher	170
Yuma Clapper Rail	170
Flat-tailed Horned Lizard	171
TERMS AND CONDITIONS	171
Bonytail Chub and Razorback Sucker	171
Southwestern Willow Flycatcher	173
Yuma Clapper Rail	175
Flat-tailed Horned Lizard	176
DISPOSITION OF DEAD, INJURED, OR SICK INDIVIDUALS OF A LISTED SPECIES	77
CONCURRENCES	178
Bald Eagle	178
CONSERVATION RECOMMENDATIONS	178
Bonytail Chub and Razorback Sucker	178
Southwestern Willow Flycatcher	178
Yuma Clapper Rail	179
Flat-tailed Horned Lizard	179

BIOLOGICAL OPINION*Table of Contents*

REINITIATION - CLOSING STATEMENT	179

LIST OF FIGURES AND TABLES

FIGURES

Fig. 1. Detail of the Colorado River description area	5
Fig. 2. Schematic of water and power uses outside the lower Colorado River action area	7
Fig. 3. Lake Havasu operational constraints	12
Fig. 4. Lake Mohave operational constraints	13
Fig. 5. Side-view schematic of LCR from Pierce Ferry to SIB	15
Fig. 6. Typical season flow of Colorado River below Davis Dam	20
Fig. 7. Typical spring flows on Colorado River below Parker Dam	21
Fig. 8. Typical summer flows on Colorado River below Parker Dam	22
Fig. 9. Typical fall flows on Colorado River below Parker Dam	23
Fig. 10. Typical winter flows on Colorado River below Parker Dam	24
Fig. 11. Three-Finger Lake Project	32
Fig. 12. How Reclamation's conservation activities for the bonytail chub, razorback sucker, and southwestern willow flycatcher fit into long-term LCR MSCP	158

TABLES

Table 1. Summary of Reclamation's discretion over Lower Colorado River operations and maintenance.	35
Table 2. List of documents known collectively as "The Law of the River".	9
Table 3. Generalized riparian habitat types occupied by the southwestern willow flycatcher based on plant species composition and vegetation structure.	50
Table 4. Nest height and nest substrate height data by riparian habitat type for the southwestern willow flycatcher.	54
Table 5. Nest predation and brood parasitism rates documented for the southwestern willow flycatcher across its range.	56
Table 6. Rangewide population status for the southwestern willow flycatcher.	61
Table 7. Agency actions that have undergone section 7 consultation and levels of incidental take permitted for the southwestern willow flycatcher rangewide.	65
Table 8. Yuma clapper rail census results.	71
Table 9. Reclamation's mitigation responsibilities on the LCR from Davis Dam to International Boundary with Mexico.	97
Table 10. Results of section searches and monitoring of study plots in the 5-mile zone.	112
Table 11. Non-Federal activities that may affect the resources of the Lower Colorado River area.	114
Table 12. Amounts and uses of water diverted by entitlement holders.	115

BIOLOGICAL OPINION*Table of Contents*

Table 13. Population projections for selected locations along the Lower Colorado River.	117
Table 14. Visitation to selected areas along the Lower Colorado River.	119
Table 15. Bureau of Reclamation's section 7 consultations for threatened and endangered species on the Lower Colorado River.	120
